Who We Are

VFG is a privately held, independent, full service general equipment leasing & financing company. We help empower our business partners to achieve their commercial objectives by creating affordable and flexible equipment leasing and financing solutions for the acquisition of most types of capital equipment, software, and services that businesses need to function and grow.

Whether your firm's decision to lease finance is driven by cash flow, tax and accounting benefits, budget constraints, working capital preservation, avoiding technological obsolescence, or simply out of convenience; lease financing is a commendable and smart method of equipment procurement.
